

NSW Police

## INVESTIGATOR'S NOTE

Investigation: S/F LANTLE  
Title of Note: Contact with AL regarding the continuation of her statement

**Narrative:**

At 12.15pm AL contacted Detective QUINN after messages had been left for her to ring me.

The conversation was very cordial and AL indicated her willingness to continue giving her statement, if it was to somebody other than Detective Sergeant STEEL. (A decision had already been made by the Commander, Supt. MITCHELL that it was not going to be in Sergeant STEEL or AL interests for Sergeant STEEL to continue the statement).

AL indicated that she had family about to visit her from Queensland for two weeks and that she did not want to continue with her statement until they had left.

I inquired of AL what things she thought police could do to make her interview easier. I raised the suggestions of support persons, male or female officers, making some notes prior to interview. She indicated that she would consider all of these possibilities. I inquired whether or not she would be comfortable with me taking the statement from her given that we had established a relatively good rapport. She said that she was open to this and would give it further consideration.

I advised her that I was about to start leave at the end of this week and that I would be back on 20 December 2010. She asked if I could give her a ring upon returning from leave when she will have time to properly consider the above -mentioned considerations. I explained that if it were the case that she wanted an officer other than myself to obtain the statement, there may be limited availability due to officers taking leave around Christmas, which may result in further delays. She indicated that she understood this.

I have explained the present position to Det. Sgt. STEEL. Det. Sgt. STEEL has leave coming up herself, but will make inquiries in relation to the 'Towards Healing' files.
